

Hurst Dental Practice Summer's Newsletter

Dear Patients,

As summer approaches, we at Hurst Dental Practice would like to take this opportunity to wish you a warm, healthy, and relaxing season. We hope you're enjoying the longer days, sunshine, and everything that makes this time of year so special.

We also want to share some updates and changes happening within the practice.

Seeing Different Clinicians – What You Should Know

You may notice that you're sometimes seen by different dentists or hygienists for your appointments. This is often due to scheduling availability for both patients and clinicians, which can occasionally make it challenging to match preferred times. However, we completely understand the importance of continuity in care.

If you prefer to see a specific dentist or hygienist, please do let us know – we're more than happy to accommodate this whenever possible. Our priority is to maintain consistency in your dental care, and we'll do our utmost to ensure you see the same clinician each time, unless scheduling makes it difficult.

Thank you for continuing to trust us with your dental care. We look forward to seeing you in the practice soon and hope you have a happy and healthy summer!
